Eligible institutions have been identified based on NIRF rankings and other recognised academic benchmarks.

5. The programmes are aligned with the objectives of the National Education Policy (NEP), 2020, which promotes experiential learning, industry exposure and enhanced employability through structured internships integrated with academic programmes.

6. I would request your good office to encourage eligible students pursing full time courses in your esteemed institute to apply through the NHAI Internship portal. The details are as under: -
