Hiii Manit!

Happy 21st Birthday!
Hope that all is well with you back home.

It feels like foreven ago that we met on a rainy day in that cafe.

I still cherish our quick getaway to Gotland as well :) Thank you for being such a kind and lovely person, my exchange experience would have been incomplete had we never met.

I appreciate how much effort you take for your friends and the people you care about ☺. Loved the random memories we made throughout last winter in Stockholm.

Definitely looking forword to meeting you again in Stockholm/Netharlands/India Soon.

Best,
Krishna
